SYMBOLS

"RC" rooted cuttings, "S" seedlings, "P" plants.

THE EVENT OF THE YEAR

Convention Cactus & Succulent Society of America

at the Desert Botanical Garden,

Papago Park, Phoenix, Arizona

JULY 2-5, 1949

This foremost desert botanical garden, located in the heart of the giant cactus country is the setting for this year's gathering of cactus and succulent fanciers, growers and students. Illustrated talks by the best of kodachrome artists, colored movies made by prominent explorers will be given daily in the garden's unique Webster Auditorium. Initiation into the Ancient Order of Cactus Nuts will feature the fun session. A field trip into the mysterious Superstition Mountains and the Boyce Thompson Southwestern Arboretum under competent guides will feature the last day. Lodging headquarters will be in one of the luxurious motor lodges in the Valley of the Sun. Surprisingly low rates. Congenial companions. Come, see the Chewing Gum plant, the Totem Pole, the Creeping Devil, the Saguaro and thousands of other strange, beautiful and interesting plants from all over the world growing under natural conditions. Tell your friends and come with them. For further information, write us.

Save this list until a new one is sent out. We print them on this size sheet so they will fit in your letter file. The sheets of pictures will only be sent to you at longer intervals. Keep them for reference. Remember:—Nobody grows the way Gates does.
